

Hi Brethren,

Please be aware of the time change (**Saturday, July 28th at 11:00 AM**)

As our Brothers age, many stop attending their lodge meetings for different reasons, usually medical, restricting their abilities to attend.

Wentworth Lodge has recognized this with a number of our senior members, some Veterans, and decided to take the lodge to them.

A few of our brothers reside at the Camphill Veterans Hospital in Halifax giving rise to Wentworth Lodge requesting Dispensation to move its' Charter to this hospital.

We have no way to know if there are any other masonic veteran brothers residing at the Camphill and are reaching out to you for this information.

Would you please circulate this request to your lodge secretaries so that we do not miss any of our brothers who are also in the hospital and might be able to attend our meeting.

The Emergent Meeting will present a short Lecture on the sinking of the Newfoundland Ferry "SS Caribou" by the German U-Boat, U69 during WW2.

The lecture will include displaying an original set of the "SS Caribou's ships flags", many ship and crew pictures, and a detailed 3 foot model of the WW2 hospital ship, "Lady Nelson".

We will be opening on the 1st Degree and the meeting will take place on **Saturday, July 28th at 11:00 AM in Room 1613 B at 5955 Veterans Memorial Ln, Halifax ,NS** and it should last no longer than 1 hour including remarks and festive table.

Dress Code is suit & tie as the hospital is air conditioned. We have currently asked Grand Lodge for Dispensation for current or past military to wear their medals or ribbons for this occasion only.

Worshipful Master, VWBro. Quentin Hardy is asking for the names of any masonic veteran brothers who are either in the Camphill hospital or otherwise able to attend, that we are not aware of.

Also the Grand Master have been invited and **all Brethren** are welcome to attend as the room can hold about 200.

Hope you all can make it and if anyone has any questions please call or email.

In The Light,
V.W. Bro Quentin Hardy WM
